PSC

D302, D306, D310, D318, R408

CORE COMPETENCIES

- IT Hardware, Software & Licensing Resale — sourcing, quoting, and fulfillment of federal IT product requirements through established distribution channels
- Computer Systems Design & IT Integration — requirements analysis, systems engineering, and solution implementation
- Cloud Infrastructure, Data Processing & Hosting Support
- Cybersecurity Support — NIST SP 800-171 readiness and security-aligned IT operations
- IT Program & Project Management — PMP-disciplined planning, execution, and delivery
- Computer Facilities Management & End-User IT Support

DIFFERENTIATORS

- Founder/CEO holds active PMP®, CompTIA Security+, and TS/SCI clearance — disciplined delivery, security fundamentals, and eligibility to support sensitive federal environments
- Veteran-owned, SDVOSB-certified small business with direct owner-operator accountability on every engagement
- Combined product-and-services capability — able to source, price, and deliver IT hardware/software alongside integration and support services
- Lean, responsive operating structure built for federal procurement timelines

**NAICS 423430 is a recommended addition pending SAM.gov registration confirmation.*
